Rear kitchen 2 berth coachbuilt

ONLY 2132 miles

A lovely example of the classic 2 berth layout with front lounge, large toilet/shower room and rear kitchen. The lounge comprises two side-facing bench settees. These can easily convert to two single or one large double berth. Additionally, both driver and passenger seats swivel to complete the front lounge and the large roof light allows plenty of light to flood in. The layout is completed by a well-appointed rear kitchen. Externally, there are two storage lockers, solar panel, awning, TV aerial, and a cycle rack. The motorhome comes with cab air-conditioning, cruise control and reverse camera.
