Rear bed van conversion

1600 miles approx

Badges as Globecar this range of motorhomes is actually built by Germany's highly respected Dethleffs, which reflects in the high-end finish and innovative touches employed in the manufacture of this clever 2 berth van conversion, including a stowable rear double bed, a mid-mounted shower / toilet surrounded by folding sliding tambour doors which hide the bathroom section when in daily use. Good storage ideas have been provided considering the van-conversion nature of this lovely motorhome.
